## 1. INTRODUCTION

### 1.1 Purpose and Scope

These are the NEM RoLR Processes. As permitted by section 144 of the *NERL*, Part A of which is part of the MSATS Procedures made under clause 7.16.2 of the National Electricity Rules (**NER**), and Part B is part of the *B2B Procedures* made under clause 7.17 of the **NER (Procedures)**.

These Procedures have effect only for the purposes set out in the *NERL*, and the **NER**. The **NER** and the *National Electricity Law* prevail over these Procedures to the extent of any inconsistency.

### 1.2 Definitions and Interpretation

The Retail Electricity Market Procedures – Glossary and Framework:

- (a) is incorporated into and forms part of these Procedures; and
- (b) should be read with these Procedures.

### 1.3 Related AEMO Documents

CATS Procedures	<a href="http://www.aemo.com.au/Electricity/National-Electricity-Market-NEM/Retail-and-metering/Market-Settlement-and-Transfer-Solutions">http://www.aemo.com.au/Electricity/National-Electricity-Market-NEM/Retail-and-metering/Market-Settlement-and-Transfer-Solutions</a>

## 2. SUMMARY OF ROLR PROCESSES

- (a) AEMO notifies RoLR Key Contacts that a RoLR Event has occurred, advises them who the AEMO key contacts are, any passwords they may require to access data provided by AEMO, the method of delivery of the report referred to in section 7.3, and which *Market Customers* are the *RoLRs*.
- (b) AEMO provides summary and *NMI* reports to RoLR Event Affected MSATS Participants.
- (c) Management of in-progress Service Orders associated with the *NMIs* the Failed Retailer was financially responsible for by the:
  - (i) Failed Retailer.
  - (ii) LNSP, or the ENM in the case of *child connection points*.
  - (iii) RoLR.
- (d) Cancellation of in progress End User transfers to the Failed Retailer, as applicable, and notifications to affected MSATS Participants.
- (e) Acceleration of in progress End User transfers from the Failed Retailer, as applicable, and notifications to affected MSATS Participants.
- (f) Provision of End User details to the *RoLR* by the Failed Retailer.
- (g) Provision of End User details to the *RoLR* by the LNSP or the ENM in the case of *child connection points*.
- (h) Transfers of Failed Retailer *NMIs* to the *RoLR*.
- (i) Change of LR from the Failed Retailer to the *RoLR* in cases where the Failed Retailer was also acting in the Role of a LR.
- (j) Provision of *substituted metering data* or Actual Metering Data to AEMO for *settlements* and *Market Participants* entitled to receive it, so that it aligns with the RoLR Effective Transfer Date. The *Market Participants* that are entitled to receive the *metering data* are the:
  - (i) Failed Retailer (old FRMP) and the *RoLR* (New FRMP) (if the Failed Retailer was the FRMP).
  - (ii) Failed Retailer (old LR) and New LR (if the Failed Retailer was the LR).
  - (iii) Current LR (if the Failed Retailer was the FRMP and not the LR).
  - (iv) Current FRMP (if the Failed Retailer was the LR and not the FRMP).
  - (v) LNSP or the ENM in the case of *child connection points*.
- (k) Update of Roles so that the Failed Retailer can no longer be associated with any *NMI* in MSATS in the Role of FRMP, LR, or *RoLR* from or after the RoLR Effective Transfer Date, if the Failed Retailer is no longer able to operate in all Jurisdictions.
 

Note: This procedure does not restrict the Failed Retailer from being able to update information about *NMIs* for which it had a relationship with prior to the date of the RoLR Event, but updates can only be made effective for dates up to the day prior to the RoLR Effective Transfer Date.
- (l) Change to a Backup RoLR.
- (m) Post RoLR Event reconciliation of data:
  - (i) MSATS NMI data with MSATS Participants' *NMIs*.

- (ii) End User and *metering data* for retail billing with MSATS Participants' *NMIs*.
- (n) RoLR Post Implementation Review.
- (o) Figure 1 is a high-level end-to-end process map illustrating how these will be implemented after a RoLR Event has occurred. References in the boxes in this process map are to the relevant section number in this document.
- (p) Figure 2 shows the same high level processes in more detail, with timings and preconditions. References in the boxes in this process map are also to the relevant section number in this document.
- (q) Figure 6 is a high level Gantt chart with possible timings based on the maximum estimated length of time it could take to complete each task and on a RoLR Event where all tasks were required (i.e. the Failed Retailer is also an LR and is Failed in all Jurisdictions)

## 2.1. Preconditions

The processes documented in these Procedures do not commence until:

- (a) a RoLR Event is likely to occur, or has occurred; and
- (b) a *Market Customer* is the *RoLR* for a Jurisdiction and an MSATS Participant.

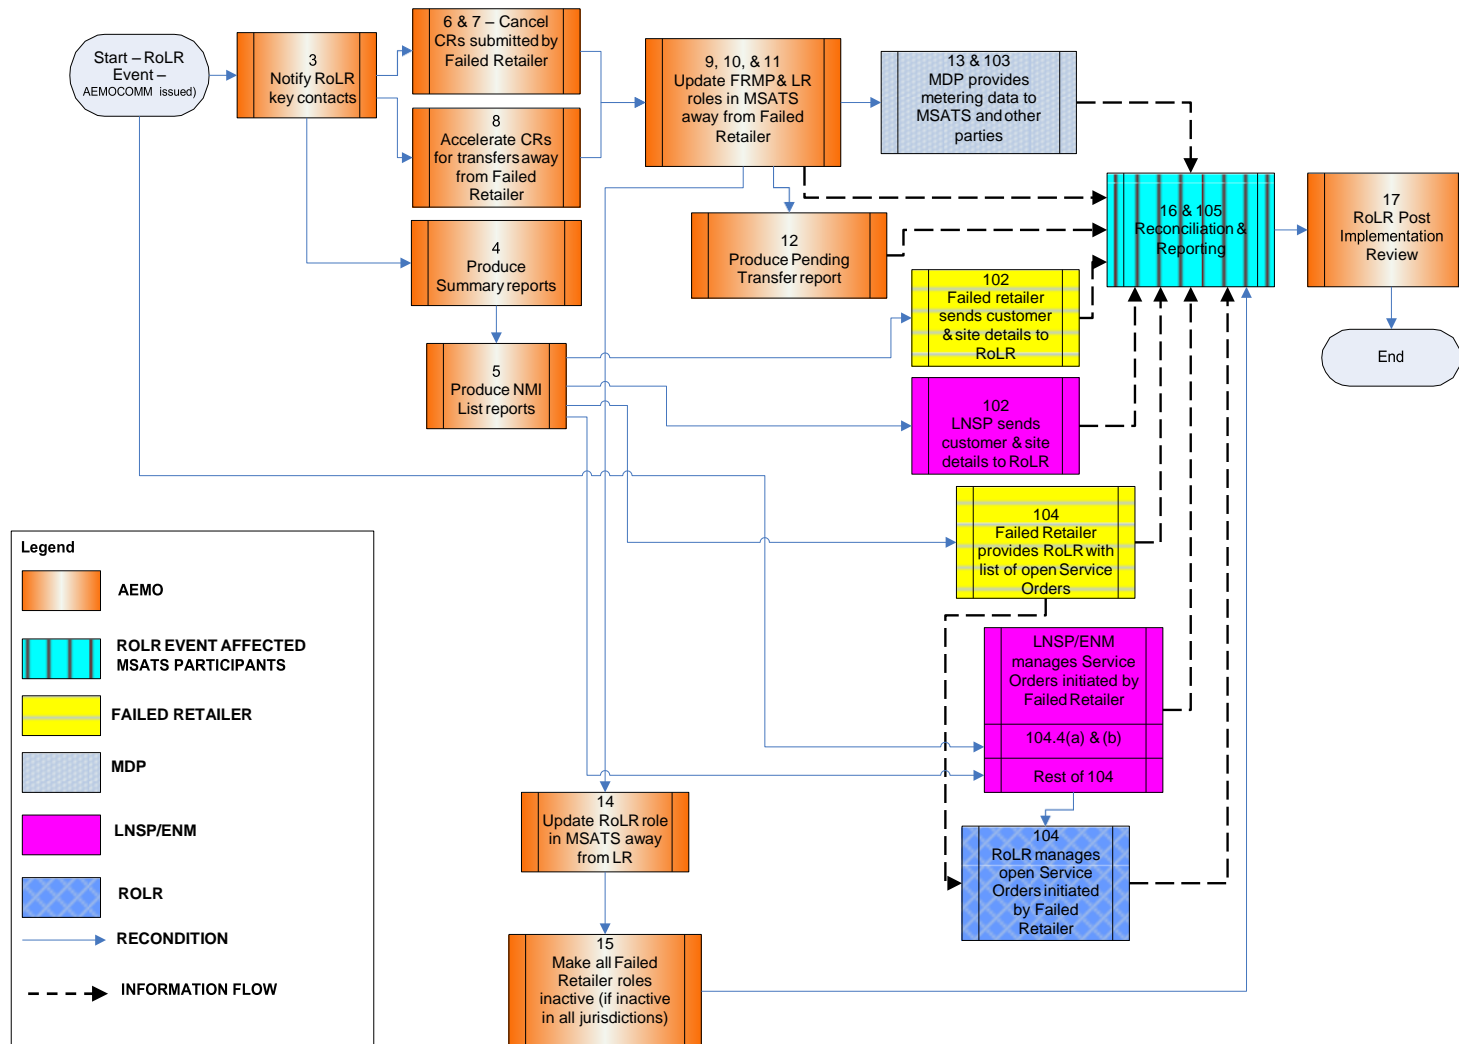

## 3. REPORTS

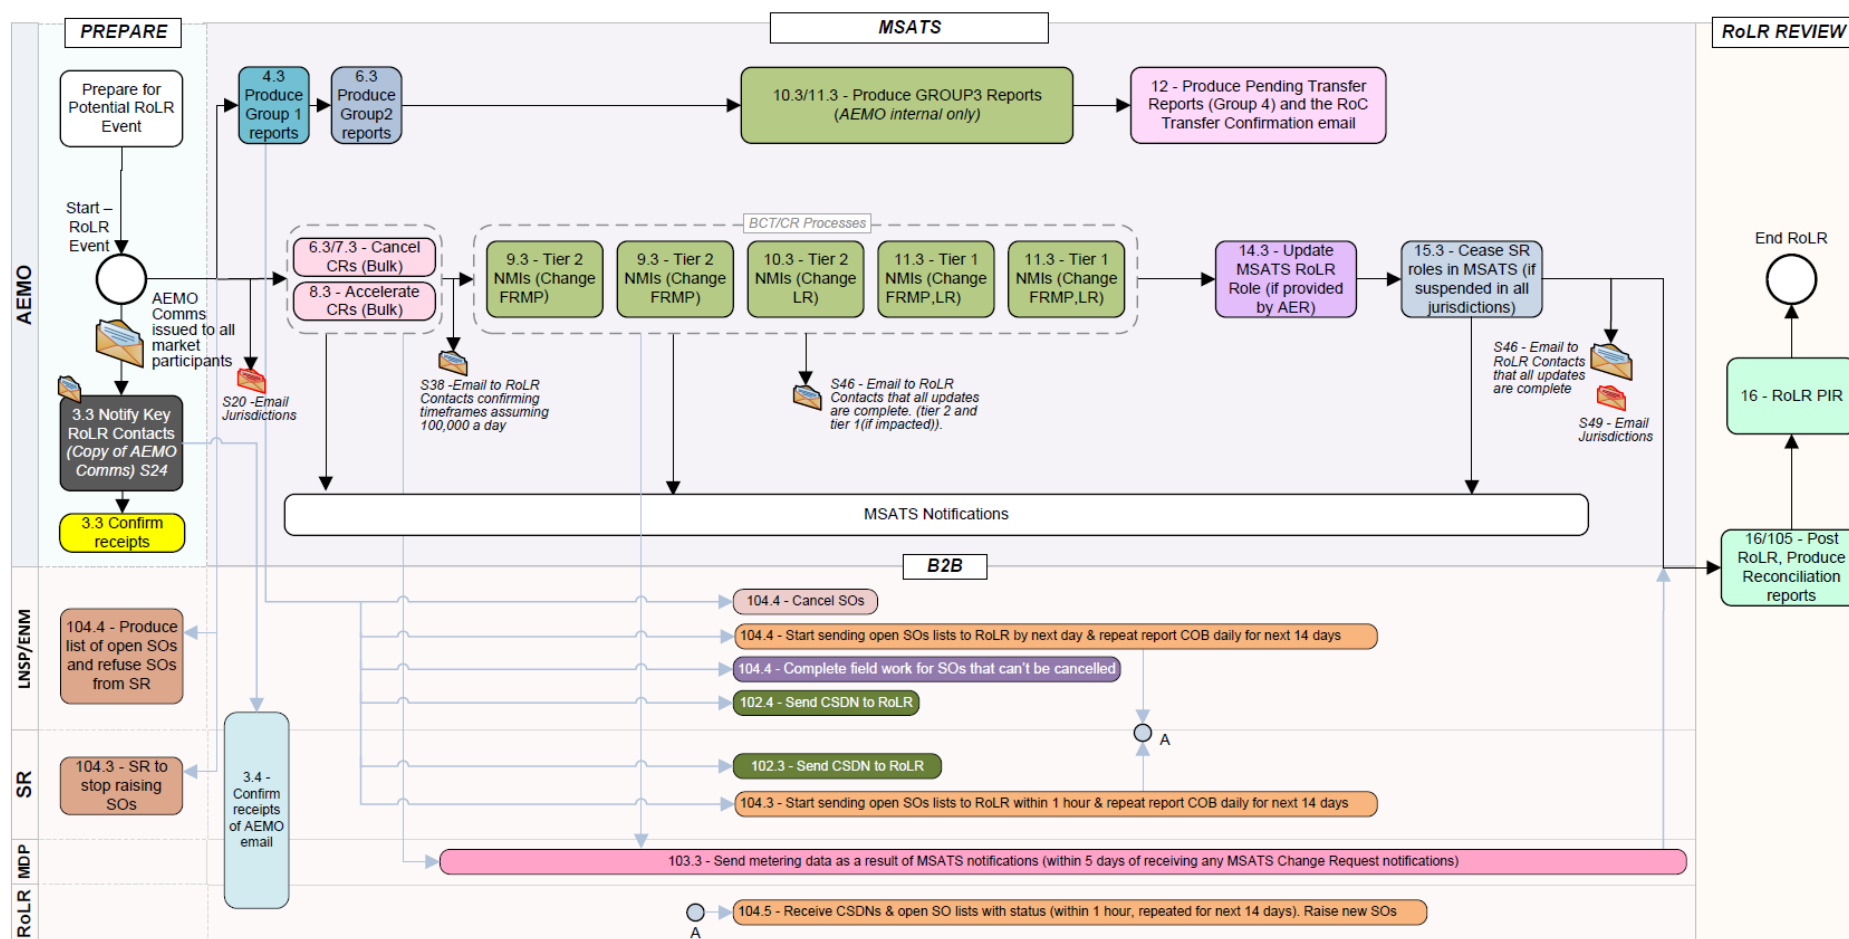

All reports required to be produced by AEMO in relation to a RoLR Event are described in Appendix 1, and must be produced in a format that can be readily communicated to MSATS Participants.

Appendix 1 also identifies which report each MSATS Participant is entitled to receive by reference to their Role.

**Figure 1 END TO END PROCESS MAP FOR RoLR TRANSITION PERIOD**

High level summary of the scope of the NEM RoLR Processes showing main obligations, by section number and by Role, main preconditions & main information flows

**Figure 2 HIGH LEVEL ROLR PROCESS DIAGRAM**

**Figure 3 HIGH LEVEL ROLR PROCESS TIMELINE**

Note 1:  
This timeline is not to time-scale.

Note 2:  
Each process box is colour coded to map to the timing line.  
The timeline has been developed considering the largest possible timeframes for execution as per the procedures. The timeline does not restrict the user to not complete the steps sooner if possible considering the risks involved in delaying and timing management being the key factors driving the operational processes in a RoLREvent.

\* The Group 2 reports are produced as soon as Group 1 reports have been sent.

+ The Group 3 reports are AEMO internal only. They are not sent to *MarketParticipants*.

# The update of FRMP and LR may be completed sooner than 15 *business days* depending upon the number of MSATS records that need to be updated.

## PART A - MSATS PROCEDURE ROLR PROCEDURES

### 4. GENERAL MSATS OBLIGATIONS

#### 4.1. Application

- (a) The purpose of section 4 is to specify the general obligations imposed on each Role that is potentially involved in a RoLR Event. Specific obligations are also assigned in other sections.
- (b) These Procedures are to be used when RoLR Event Affected NMIs are classified as LARGE or SMALL.

#### 4.2. General Obligations for MSATS Participants

##### 4.2.1. In advance of a RoLR Event

All potential RoLR Event Affected MSATS Participants must:

- (a) Where there is an agreement to act as the RoLR for End Users, provide a list of those *NMIs* to AEMO using the designated consent form;  
  
Note: The above information would be considered incomplete until the customer nomination form consenting to the nomination of RoC has been provided to AEMO by the End User.
- (b) Maintain up to date contact details for nominated RoLR Key Contacts within the NEM Retail Operations Contacts List; and
- (c) Be able to accept Bundled Change Request Notifications.

##### 4.2.2. Once a RoLR Event occurs

Each RoLR Event Affected MSATS Participant must:

- (a) be able to process Bundled Change Request Notifications;
- (b) maintain business as usual;
- (c) immediately after the RoLR Event, follow the processes for the transition of *NMIs* from the Failed Retailer to the RoLR;
- (d) ensure that each of its nominated RoLR Key Contacts accepts emails and telephone calls from another RoLR Key Contact during the RoLR Transition Period;
- (e) keep a record of all notifications sent that relate to the RoLR Event;
- (f) ensure that its nominated RoLR Key Contact is available for AEMO to deliver business process related communiqués and data as required by these Procedures; and
- (g) ensure that its nominated RoLR Key Contact is available for other RoLR Key Contacts to communicate with, and to provide and receive data from, as required by these Procedures.

#### 4.3. AEMO

##### 4.3.1. In Advance of a RoLR Event

AEMO must:

- (a) maintain a set of queries for producing the reports required by this document from MSATS that can be used to satisfy the requirements for section 6;
- (b) maintain a register of *NMIs* of End Users who have nominated a RoLR of Choice (RoC); and

Note: AEMO must maintain an auditable record of all written communications from the RoC as well as the End User where an agreement has been reached between the two parties.

Note: AEMO to share the register and any updates with the Regulator.

- (c) maintain a set of queries for producing *NMI* list reports from MSATS that can be used to satisfy the requirements for section 7.

#### **4.3.2. Once a RoLR Event occurs**

AEMO must:

- (a) check that Bundling of Change Request Notifications is turned on for every RoLR Event Affected MSATS Participant, and if it is not already turned on, turn it on with a multiple of 100;
- (b) ensure that all *RoLRs* for the RoLR Event Affected NMIs have been assigned the Role of FRMP and, if necessary, LR in MSATS;
- (c) keep a record of all Change Request Notifications sent that relate to the RoLR Event;
- (d) ensure that the Failed Retailer retains all data access rights in MSATS for data it is entitled to receive and view; and
- (e) in respect to sections 8, 9, 10, 11, 12, and 13, in a RoLR Event the stop file limitations will be actively reviewed by AEMO for the RoLR Affected MSATS Participants

#### **4.4. Failed Retailer**

##### **4.4.1. Once a RoLR Event occurs**

The Failed Retailer must:

- (a) ensure that one of its nominated RoLR Key Contacts is available for RoLR Event Affected MSATS Participants to communicate to, receive data from, and provide data to, as required by these Procedures; and
- (b) continue to meet any obligations it has under the NER or procedures under the NER, *NERL* or *NERR*.

## 5. AEMO NOTIFIES ROLR KEY CONTACTS FOLLOWING ROLR EVENT

### 5.1. AEMO Obligations

AEMO must:

- (a) Within one Business Hour of the announcement of the occurrence of a RoLR Event by a Regulator, send an email to each RoLR Key Contact for each RoLR Affected MSATS Participant advising of the following:
  - (i) The contact names, email address and phone numbers for AEMO key contacts for:
    - (A) *Metering data* and transfer-related queries.
    - (B) Prudential queries.
    - (C) MP, MDP, MC, LNSP or ENM queries.
  - (ii) The technology and transport mechanisms AEMO is intending to use to provide *NMI* list report data to MSATS Participants, as required by section 7.1(c) and, if required, section 7.1(d) (e.g. in password protected .zip files transmitted by email or placed on a DVD or USB stick and couriered).
- (b) Provide, by another means, a password to each RoLR Affected MSATS Participant who will require it to secure any confidential data sent from AEMO during the RoLR Event that needs password protection.
- (c) Provide by email to all RoLR Key Contacts any instructions from Regulators that differ from these Procedures.
- (d) Ensure that the emails sent as required in section 5.1(a) have the following settings applied:
  - (i) Mail box delivery receipt request flag **ON**
  - (ii) Priority **HIGH**
- (e) Monitor when a mail box delivery receipt or a reply email is received from each RoLR Key Contact acknowledging receipt of the email sent.
- (f) Where neither RoLR Key Contact for an MSATS Affected Participant has acknowledged an AEMO email within four Business Hours after sending it, contact by telephone either of the RoLR Key Contacts to confirm receipt. If no one responds, a voicemail message is sufficient.

### 5.2. RoLR Affected MSATS Participant Obligations

Within one Business Hour of receipt of each email from AEMO, each RoLR Key Contact must acknowledge receipt of the email.

## 6. AEMO PRODUCES & DELIVERS SUMMARY ROLR REPORTS

### 6.1. AEMO Obligations

Within two *business days* of the occurrence of a RoLR Event, AEMO must:

- (a) Produce ROLR\_001, ROLR\_002, ROLR\_003, ROLR\_004, ROLR\_005 and ROLR\_006 reports
- (b) Produce ROLR\_007, ROLR\_008, ROLR\_009, ROLR\_010, ROLR\_011 and ROLR\_012 reports if the Failed Retailer is also a Current LR;
- (c) Make an assessment, on the basis of all available and reliable information, of the time that will be required to produce the above required reports.
- (d) The sequencing of steps for making the changes that are required by sections 11, 12 and 13 are as follows:
  - (i) First update the FRMP for Second Tier NMI where the Failed Retailer is the FRMP, for one *RoLR* at a time, as described in section 11.
  - (ii) Next, update the LR for Second Tier NMIs (those where the Failed Retailer is the LR), for one New LR at a time, as described in section 12.
  - (iii) Finally, update the FRMP and LR for First Tier NMIs where the Failed Retailer is the FRMP and LR, for one *RoLR* at a time, as described in section 13; and
  - (iv) Deliver each report identified in section 6.1(a) and, if required, in section 6.1(b), securely via email to the RoLR Key Contacts for each RoLR Event Affected MSATS Participant. Include in the email used to deliver each report the estimated date and time by which all of the reports required to be produced as a result of the application of section 7 will be delivered.

### 6.2. RoLR Affected MSATS Participants Obligations

Each RoLR Key Contact for each RoLR Affected MSATS Participant that receives a report sent as required by section 6.1 must reply to the email verifying that it has been received upon receipt of the email containing the reports.

## 7. AEMO PRODUCES & DELIVERS NMI LIST REPORTS

### 7.1. AEMO Obligations

AEMO must:

- (a) Produce ROLR\_013 report.
- (b) Produce ROLR\_014 report if the Failed Retailer is also a Current LR.
- (c) Deliver each report produced under section 7.1(a) using the method specified in the email referred to in section 5.1(a) and section 5.1(b), to the respective RoLR Key Contacts for each of the following RoLR Event Affected MSATS Participant Roles that contains a list of RoLR Event Affected NMIs with which they have a current relationship:
  - (i) RoLR/RoLR of Choice (RoC).
  - (ii) MDP.
  - (iii) LNSP, or the ENM in the case of *child connection points*.
  - (iv) FRMP (either as the Failed Retailer or as another FRMP where the Failed Retailer is the LR).
  - (v) LR (if the Failed Retailer is a LR).
  - (vi) MC
- (d) If the Failed Retailer is a LR, deliver each report under section 7.1(b) using a secure method, as was specified in the email referred to in section 5.1(b) and section 5.1(c), to the respective RoLR Key Contacts for each LR Role that has been nominated by the Regulator as the replacement LR that contains a list of the *NMIs* for which it is to become the LR.
- (e) If the reports are delivered on a DVD or USB flash drive or other, similar hard media, it must be couriered to the intended recipient with acknowledgement by the recipient required.
- (f) Where data is delivered by courier, send the RoLR Key Contact an email confirming the data has been sent.

### 7.2. RoLR Affected MSATS Participants' Obligations

The RoLR Key Contacts for RoLR Affected MSATS Participants that receive a report sent as required by section 7.1(c) or section 7.1(d) must, upon receipt of the reports delivered as required by section 7.1(c), and section 8.3(d), send an email verifying that they have been received.

### 7.3. Timeframe Rules

AEMO shall start producing the reports referred to in section 8.1(a) and section 8.1(b) within two Business Hours of completing the obligations imposed by section 7.1(d), and continue until all reports have been completed by the end of the next *business day*.

## 8. AEMO CANCELS TRANSFERS IN PROGRESS TO THE FAILED RETAILER

### 8.1. AEMO Obligations

On the day of the RoLR Event, or by the end of the next *business day*, AEMO must:

- (a) Produce ROLR\_015 report to facilitate the Cancellation of Change Requests.  
 Note: This report excludes a retrospective Change Request nominating the Failed Retailer as the New FRMP with an end date prior to the RoLR Effective Transfer Date.
- (b) If the RoLR Event was invoked by AEMO, Cancel in MSATS all In Progress Change Requests identified in the ROLR\_015 report.
- (c) If the RoLR Event occurred as a result of the suspension or revocation of a retailer licence in a Jurisdiction, or authorisation under the *NERL*, identify, from the ROLR\_015 report, any In Progress Change Requests that need to be Cancelled.

**Table 8-A: Transfers In Progress to Failed Retailer in MSATS**

JURISDICTION	CANCELLATION POLICY
ALL	Any Change Requests entered into MSATS which have not completed for End User transfers to the <b>failed</b> retailer must be Cancelled so the End User will remain with its existing <i>retailer</i> .

- (d) After identifying the Change Requests to be Cancelled, Cancel those Change Requests.
- (e) For all Cancelled Change Requests, provide Change Request Notifications to all Participants in accordance with the Change Request Status Notification Rules for each Change Reason Code for the CAN (Cancelled) status.
- (f) Produce RoLR\_016, RoLR\_017 and RoLR\_031 reports.

## **9. AEMO CANCELS OTHER MSATS CHANGE REQUESTS IN PROGRESS INITIATED BY THE FAILED RETAILER**

### **9.1. AEMO Obligations**

On the day of the RoLR Event, or by the end of the next *business day*, AEMO must:

- (a) Produce ROLR\_018 report identifying all In Progress Change Requests to change an MC, MP or MDP submitted by the Failed Retailer prior to the RoLR Event.

Note: Such Change Requests would typically be ones with a Change Reason Code beginning with 6, which are requests to update one or more Roles, other than the FRMP.

- (b) Cancel the Change Requests identified in the ROLR\_018 report.
- (c) For all Cancelled Change Requests, provide Change Request Notifications to all MSATS Participants in accordance with standard Change Request Status Notification Rules for the Change Request's Change Reason Code for the CAN (Cancelled) status.
- (d) Provide ROLR\_019 report to each *RoLR*.

## 10. AEMO ACCELERATES TRANSFERS IN PROGRESS FROM THE FAILED RETAILER

### 10.1. AEMO Obligations

AEMO must:

- (a) Confirm, in accordance with regulatory policy, as summarised in Table 10-A, or any other regulatory instructions provided at the time of the RoLR Event, whether any in progress End User transfers that have been submitted to MSATS by a *retailer* other than the Failed Retailer, for *NMIs* where the Failed Retailer is the Current FRMP, are to be Accelerated.

**Table 10-A: Transfers In Progress from Failed Retailer to be Accelerated**

JURISDICTION	CHANGE REQUEST STATUS	NMI CLASSIFICATION CODE	CHANGE REASON CODES	MAX PROPOSED DAYS
ALL	REQ OBJ PEND	SMALL	All CR 1xxx except 1030, 1040, 1083 and 1084	65

- (b) Produce ROLR\_020 report that identifies all transfers to be Accelerated away from the Failed Retailer.
- (c) Use the BCT to Accelerate the applicable Change Requests identified by sections 10.1(a) and 10.1(b) by setting the Actual Change Date for each one to be the RoLR Effective Transfer Date and, if applicable, updating the Change Request Status from REQ (Requested) or OBJ (Objected) to PEND (Pending) so they can be Completed. (This is done in the BCT by specifying the Change Date to be the RoLR Effective Transfer Date).

Note: Any Accelerated Change Requests that have their Change Request Status updated from REQ to PEND as a result of the application of this section 10.1(c) will not generate PEND Change Request Notifications.

Note: For Change Requests that are Accelerated, if the Actual Change Date has not already been supplied by the MDP, it does not have to be supplied.

Note: Any Accelerated Change Requests processed as a result of the application of this section 10.1(c) will be Completed by the business as usual MSATS overnight processing and COM (Completed) Change Request Notifications will be generated on business as usual basis.

- (d) Produce ROLR\_021 report that identifies all transfers in progress away from the Failed Retailer.
- (e) Produce ROLR\_022 report that identifies all transfers to be Accelerated, to the LNSP or the ENM in the case of *child connection points*.
- (f) Produce ROLR\_023 report that identifies all transfers to be Accelerated, to the New FRMP on the Change Request.
- (g) Produce ROLR\_024 report that identifies all transfers to be Accelerated, to the Current MDP and any future MDP.

### 10.2. Timeframe Rules

The obligations contained in section 10 must be completed prior to commencing the obligations in section 11. Best endeavours must be made to complete all possible Accelerations on the day of the RoLR Event or by the end of the next *business day*.

## 11. AEMO CHANGES THE FRMP FOR SECOND TIER NMIS FROM THE FAILED RETAILER

### 11.1. Conditions Precedent

- (a) It must be at least two days after the RoLR Event has occurred.

Note: The suspension comes into effect midnight on the day of the issue of the *suspension notice*. The changes made in the *market* come into effect at 00:00 hours the next day. BCT can only apply Retrospective Changes with a minimum being for the prior day. Thus the BCT can only be run 2 days post the issue of the *suspension notice*.

- (b) Any Change Requests that are to be Accelerated as a result of the application of section 10.1(b) must have Completed.
- (c) Any Change Requests that are to be Cancelled as a result of the application of section 8.1(b) or section 8.1(d), and section 9.1(b) must have been Cancelled.
- (d) Each *RoLR* must be assigned the Role of FRMP.
- (e) Regulatory advice must have been received instructing AEMO regarding the MSATS Participant to which to transfer the RoLR Event Affected NMIs.
- (i) The above excludes *NMIs* of End Users, where a RoC has been nominated by the End User and Retailer and received by AEMO.
  - (ii) Only *NMIs* for which a RoLR/RoC has been specified can be transferred as a consequence of the execution of section 11.
- (f) If there is an intention to process the changes required by sections 11, 12 and 13 in a sequence other than that described in the note below section 6.1, RoLR Event Affected MSATS Participants must have been notified of the proposed alternative sequencing, either in the email sent to satisfy the obligations imposed by section 6.1(e), or in a subsequent email that is sent to all RoLR Event Affected MSATS Participants.

### 11.2. AEMO Obligations

AEMO must:

- (a) Confirm that each *RoLR*'s Participant ID has been assigned the FRMP.
- (b) Just prior to beginning the process of updating all the *NMIs* as required by section 11.2(d), send email notifications advising the approximate number of days as to when the process of making the changes will begin and an estimation of the number of days it will take to complete all the changes required by sections 11, 12 and 13 to all RoLR Key Contacts.
- Note: This communication may also be delivered to the Relevant Regulators.
- (c) Starting with the RoC and for one RoLR at a time, use the BCT to update all Second Tier NMIs to make the *RoLR* the FRMP, effective from the RoLR Effective Transfer Date, where the Failed Retailer is the Current FRMP for the *NMI* on the RoLR Effective Transfer Date.
- (d) Apply the following rules when making the changes required by section 11.3(d):
- (i) Sequence the BCT runs in batches (e.g. by *RoLR*/Jurisdiction grouping or by LNSP or ENM in the case of *child connection points*/*RoLR* grouping).

Note: A Meter Reading is not required for the completion of these updates (this is not necessary using the BCT).

- (ii) Do not change any Roles other than the FRMP .
- (iii) Use the following parameters for the BCT:
  - (A) Use the Change Reason Code of ROLR.
  - (B) The Current FRMP is the Participant ID for the Failed Retailer for the group being processed.
  - (C) The New FRMP is the Participant ID for the RoLR.
  - (D) The Start Date is the RoLR Effective Transfer Date.
  - (E) Use any other parameters required to select the batch being processed (e.g. Current LNSP, Jurisdiction).
- (iv) Send out COM (Completed) Change Request Status Notifications in accordance with the NER in Table 11-A and Table 11-B.

**Table 11-A: Role Status of NEW - Change Request Status Notification Rules for RoLR CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP (RoLR)	LR	LNSP/ENM	MDP	MPB	RP
Completed	Yes	-	-	-	-	-

**Table 11-B: Role Status of CURRENT - Change Request Status Notification Rules for RoLR CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	Yes	-	Yes	Yes	Yes	Yes

- (v) Once all the batches for changing the FRMP for the first RoLR/RoC are finished, complete section 11.2(f) for all batches for that same RoLR where only the FRMP has to be changed (i.e. for Second Tier NMs where the Failed Retailer is the FRMP).
- (e) Produce ROLR\_025 report once all BCT updates of Second Tier NMs are complete as required by sections 11.2(d) and 11.2(e).
 

Note: This query would find any *NMs* where the Failed Retailer is the FRMP on the RoLR Effective Transfer Date but for which an Change Request with an Actual Change Date that is more recent than the RoLR Effective Transfer Date has subsequently completed and the FRMP is no longer the Failed Retailer. This could occur in situations where there are a large number of *NMs* to update and it takes several days to complete all the BCT runs.
- (f) For each *NM* identified by running the report specified in section 11.2(f), individually update the records for each of those *NMs* to change their FRMP from the Failed Retailer to the *RoLR* and, for the period from the RoLR Effective Transfer Date to the date that is the day before the date the Current FRMP became the FRMP.
- (g) In completing section 11.2(f), do not change any Roles other than the FRMP.
- (h) In completing section 11.2(f), apply the following for each individual *NM*:
  - (i) Use the Change Reason Code of ROLR.

- (ii) The period of time for the change is from the RoLR Effective Transfer Date to the day before the *NMI* was transferred from the Failed Retailer to another FRMP.
  - (iii) During that period of time, the Current FRMP must be the Participant ID for the Failed Retailer for the *NMI* being processed.
  - (iv) The New FRMP will be the Participant ID for the RoLR.
  - (v) Send out COM (Completed) Change Request Notifications in accordance with the NER in Table 10-A, Table 10-B, Table 10-C, and Table 10-D.
- (i) If there are no *NMIs* to update where the LR is the Failed Retailer (i.e. as required by sections 12 and), send an email notification containing the information specified in section 11.2(k) to all RoLR Key Contacts.
- Note: This communication may also be delivered to the Relevant Regulators.
- (j) In the email referred to in section 11.2(k):
- (i) Confirm that all updates of FRMPs are now completed; and
  - (ii) If there are no RoLR Roles to update and section 17 is not required (because the Failed Retailer is still operating in some Jurisdictions), confirm that there are no other updates required in MSATS.
- (k) Compliance with sections 11.2(k) and 11.2(l) is not required if there are further updates to do in MSATS.

### 11.3. Timeframe Rules

- (a) Reasonable endeavours must be used to commence the obligations imposed by section 11.2 as soon possible after the conditions precedent specified in section 11.1 are met and continue, within the limitations imposed by section 11.2(d), until completed.
- (b) Reasonable endeavours must be used to complete the obligations imposed by sections 11, 12 and 13 within 15 *business days* of starting the section 11 obligations.

Note: The timeframe of 15 *business days* is the anticipated timing if the Failed Retailer is the FRMP and LR for a significant number of *NMIs*. If, for example, the Failed Retailer only acted in the Role of a FRMP and only had a small share of the market then this task would be completed much sooner.

- (c) If required, section 11.2(j) must be completed within one Business Hour of completing the obligations imposed by sections 11.2(e) and 11.2(g).

## 12. AEMO CHANGES THE LR FOR SECOND TIER NMIS FROM THE FAILED RETAILER

### 12.1. Conditions Precedent

- (a) It must be at least two days after the RoLR Event has occurred.
- (b) The obligations imposed by section 11.2 must have been completed (i.e. all Second Tier NMIs where the Failed Retailer was the FRMP must have been transferred to the RoLR).
- (c) The *Market Customer(s)* to which the LR Roles are to be assigned must be assigned the Role of LR in MSATS.
- (d) Regulatory advice must have been received instructing AEMO which MSATS Participant to make the New LR for *NMIs* for which the Failed Retailer is the Current LR. Only *NMIs* for which such an instruction has been received can be updated as a consequence of the execution of section 12.

### 12.2. AEMO Obligations

AEMO must:

- (a) Confirm that each Participant that is to become the LR for *NMIs* where the Current LR is the Failed Retailer has been registered as a *Market Customer* in accordance with the NER.
- (b) Confirm that each Participant ID of the *Market Customers* identified in section 12.2(a) has been assigned the LR Role in MSATS.
- (c) Use the BCT to update all Second Tier NMIs to make the *Market Participant* nominated by the relevant Regulator the LR, effective from the RoLR Effective Transfer Date, where the Failed Retailer is the Current LR for the *NMI*.
- (d) Apply the following rules when making the changes required by section 12.2(c).
  - (i) Sequence the BCT runs in batches (e.g. by New LR grouping, by LNSP or the ENM in the case of *child connection points*/New LR grouping or by LNSP or the ENM in the case of *child connection points*/New LR/TNI grouping) (i.e. complete the changes in batches by selecting each unique combination of LNSP or the ENM in the case of *child connection points* and New LR).  
 Note: A Meter Reading is not required when using the BCT.
  - (ii) Do not change any Role other than the LR.
  - (iii) Use the following parameters when using the BCT:
    - (A) Use the Change Reason Code of 6401.
    - (B) The Current LR is the Participant ID for the Failed Retailer for the group being processed.
    - (C) The New LR is the Participant ID of the *Market Participant* specified by the Regulator.
    - (D) The Start Date is the RoLR Effective Transfer Date.
    - (E) Any other parameters required to select the batch being processed (e.g. Current LNSP, TNI).

- (iv) Send out COM (Completed) Change Request Notifications in accordance with the NER in Table 12-A and Table 12-B.

**Table 12-A: Role Status of NEW - Change Request Status Notification Rules for 6401 CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	-	Yes	-	-	-	-

**Table 12-B: Role Status of CURRENT - Change Request Status Notification Rules for 6401 CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	Yes	Yes	Yes	Yes	Yes	Yes

- (e) If there are no First Tier NMIs to update (i.e. where the Failed Retailer is the Current LR and the Current FRMP), then send an email notification containing the information specified in section 12.2(f) to all RoLR Key Contacts.
- Note: This communication may also be delivered to the Relevant Regulators.
- (f) In the email referred to in section 12.2(e):
- Confirm that all updates of Second Tier NMIs are now completed; and
  - If there are no RoLR Roles to update and section 17 is not required (because the Failed Retailer is still operating in some Jurisdictions), confirm that there are no other updates required in MSATS.
- (g) Compliance with sections 12.2(e) and 12.2(f) is not required if there are further updates to do in MSATS, as identified in section 13.

### 12.3. Timeframe Rules

- Reasonable endeavours must be used to commence the obligations imposed by section 12.2 as soon as the preconditions in section 12.1 are met and continue, within the limitations imposed by section 12.2(d), until completed.
- Reasonable endeavours must be used to complete the obligations imposed by sections 11, 12 and 13 within 15 *business days* of starting the section 11 obligations.

Note: The timeframe of 15 *business days* is the anticipated timing if the Failed Retailer is the FRMP and LR for a significant number of NMIs. If, for example, the Failed Retailer only acted in the Role of a FRMP and only had a small share of the market then this task would be completed much sooner.

- If required, section 12.2(e) must be completed within one Business Hour of completing the obligations imposed by section 12.2(c).

### 13. AEMO CHANGES FRMP AND LR ROLES FOR FIRST TIER NMIS FROM THE FAILED RETAILER AND COMPLETES OTHER ROLE CHANGES AS REQUIRED

#### 13.1. Application

Section 13, which only applies in the event of the failure of a *retailer* which is a *Local Retailer*, applies to:

- (a) AEMO.
- (b) MSATS Participants with relationships to the *NMIs* affected by section 13 that will receive Change Request Notifications (the same as those specified in Table 13-A and Table 13-B).

Note: The *NMIs* affected by section 13 are:

- (i) First Tier *NMIs* where the Failed Retailer is nominated as the FRMP and the LR in MSATS for the RoLR Effective Transfer Date.
- (ii) Any other *NMIs* identified as requiring changes as part of a final check by AEMO to ensure that there are no *NMIs* where the Current FRMP or LR for any date on or after the RoLR Effective Transfer Date is the Failed Retailer (whether or not the Failed Retailer has any active Roles for that *NMI*).

#### 13.2. Conditions Precedent

- (a) It must be at least two days after the RoLR Event has occurred.
- (b) Any Change Requests that are to be Accelerated as a result of the application of section 10.1 must have completed.
- (c) Any Change Requests that are to be Cancelled as a result of the application of section 8.1(b) or section 8.1(d) and section 9.1(b) must have been Cancelled.
- (d) Each *RoLR* must be assigned the Roles of FRMP and LR in MSATS.
- (e) Regulatory advice must have been received instructing AEMO regarding the MSATS Participant to which to transfer the RoLR Event Affected *NMIs*. Only *NMIs* for which such an instruction has been received can be transferred as a consequence of the execution of section 13.

#### 13.3. AEMO Obligations

AEMO must:

- (a) Confirm that each *RoLR* has been registered as a *Market Customer* in accordance with the NER.
- (b) Confirm that each *RoLR*'s Participant ID has been assigned the FRMP and LR Roles in MSATS.
- (c) Starting with the RoC and for one *RoLR* at a time, use the BCT to update all *NMIs* to make the *RoLR* the FRMP and the LR, effective from the RoLR Effective Transfer Date where:
  - (i) The Failed Retailer is the Current FRMP for the *NMI* on the RoLR Effective Transfer Date; and

- (ii) The Failed Retailer is the Current LR for the *NMI* on the RoLR Effective Transfer Date;
- (d) Apply the following rules when making the changes required by section 13.3(c):
  - (i) Sequence the changes in batches (e.g. by *RoLR*/Jurisdiction grouping or by *RoLR*/LNSP or the ENM in the case of *child connection points* grouping).  
 Note: A Meter Reading is not required when using the BCT.
  - (ii) Do not change any Role other than the FRMP and LR.
  - (iii) The Current FRMP and the Current LR must have the same Participant ID.
  - (iv) Use the following parameters for the BCT:
    - (A) Use the Change Reason Code of ROLR.
    - (B) The Current FRMP is the Participant ID for the Failed Retailer for the group being processed.
    - (C) The Current LR is the Participant ID for the Failed Retailer for the group being processed.
    - (D) FailedThe New FRMP is the Participant ID for the RoLR.
    - (E) The New LR is the Participant ID specified by the Regulator.
    - (F) The Start Date is the RoLR Effective Transfer Date.
    - (G) Use any other parameters required to select the batch being processed (e.g. Current LNSP, Jurisdiction).
  - (v) Send out COM (Completed) Change Request Notifications in accordance with the NER in Table 13-A and Table 13-B.

**Table 13-A: Role Status of NEW - Change Request Status Notification Rules for ROLR CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP (RoLR)	LR	LNSP/ENM	MDP	MPB	RP
Completed	Yes	-	-	-	-	-

**Table 13-B: Role Status of CURRENT - Change Request Status Notification Rules for ROLR CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	Yes	-	Yes	Yes	Yes	Yes

- (vi) Once all the batches for changing the FRMP and LR for the first *RoLR*/RoC are finished, complete section 13.3(e) for all batches for that same *RoLR* where only the FRMP and LR have to be changed (i.e. for First Tier NMIs where the Failed Retailer is the FRMP and LR).
- (e) Produce ROLR\_026 report once all BCT updates to First Tier NMIs are complete as required by section 13.3(c) and section 13.3(e).
- (f) For each *NMI* identified by running the report specified in section 13.3(f), individually update the records for each of those *NMIs* to change their FRMP from the Failed Retailer to the *RoLR*, for the period from the RoLR Effective Transfer Date to the date that is the day before the date the Current FRMP became the FRMP.

- (g) In completing section 13.3(g), do not change any Roles other than the FRMP.
- (h) In completing section 13.3(g), apply the following for each individual *NMI*:
  - (i) Use the Change Reason Code of ROLR.
  - (ii) The period of time for the change is from the RoLR Effective Transfer Date to the day before the *NMI* was transferred from the Failed Retailer to another FRMP.
  - (iii) During that period of time, the Current FRMP must be the Participant ID for the Failed Retailer for the *NMI* being processed.
  - (iv) The New FRMP is the Participant ID for the RoLR.
  - (v) Send out COM (Completed) Change Request Notifications in accordance with the NER in Table 13-A, Table 13-B, Table 13-C, and Table 13-D.
- (i) As a final check, confirm that in MSATS there are now no longer any *NMIs* where the Failed Retailer is the Current FRMP or LR for any date on or after the RoLR Effective Transfer Date.

**Note:** This check must include a check for Roles for which, as of the day the query is run, the Failed Retailer is not current but for which it may still be current on earlier dates that are after the RoLR Effective Transfer Date.

- (j) If the query run in compliance with section 13.3(j) identifies any *NMIs* (which would include any *NMIs* that were the subject of section 13.3(g), which will still have the Failed Retailer as the LR), individually update the details for each of these *NMIs* to replace the Failed Retailer with the *Market Participant* nominated by the relevant Regulator for the Role. When all updates are complete, perform the check described in section 13.3(j) again to ensure none were missed.
- (k) Once all the updates required to satisfy the obligations imposed by sections 11, 12 and 13 are completed, send an email notification containing the information specified in section 13.3(m) to all RoLR Key Contacts.

**Note:** This report may also be delivered to the Relevant Regulators.

- (l) In the email referred to in section 13.3(l):
  - (i) Confirm that all updates of FRMPs and LRs are now completed; and
  - (ii) If there are no RoLR Roles to update and section 17 is not required (because the Failed Retailer is still operating in some Jurisdictions), confirm that there are no other updates required in MSATS.

#### 13.4. Timeframe Rules

- (a) Reasonable endeavours must be used to commence the obligations imposed by section 13.3 as soon possible after the conditions precedent specified in section 13.2 are met and continue, within the limitations imposed by section 13.3(d), until completed.
- (b) Reasonable endeavours must be used to complete the obligations imposed by sections 11, 12 and 13 within 15 *business days* of starting the section 11 obligations.

**Note:** The timeframe of 15 *business days* is the anticipated timing if the Failed Retailer is the FRMP and LR for a significant number of *NMIs*. If, for example, the Failed Retailer only acted in the Role of a FRMP and only had a small share of the market then this task would be completed much sooner.

- (c) Section 13.3(l) must be completed within one Business Hour of completing the obligations imposed by sections 13.3(c), 13.3(e) and 13.3(g).

## **14. AEMO PRODUCES PENDING TRANSFER REPORT AND ROC TRANSFER CONFIRMATION EMAIL FOR THE RoLR**

### **14.1. AEMO Obligations**

Within two *business days* of completing all the transfers required by sections 11, 12 and 13, AEMO must:

- (a) Identify all NMIs nominated as per the RoC process and transferred to the RoC, however were identified in the NMI List Reports, and send this information to the *RoLR*.
- (b) Produce ROLR\_027 and ROLR\_028 that identifies all transfers that are in progress to transfer away from the *RoLR*, after the date of the RoLR Event, for which the *RoLR* has not received any notifications from MSATS.
- (c) Deliver each report by secure email to:
  - (i) The Regulator.
  - (ii) The Jurisdiction that has jurisdiction of the *NMIs* in the report.
  - (iii) The RoLR Key Contact for the RoLRs nominated in the report.

### **14.2. RoLR Obligations**

Each RoLR Key Contact must upon receipt of the email containing the reports or the couriered media containing the reports, delivered as required in section 14.1(c), send an email to AEMO verifying that it has been received.

## 15. MDP PROVIDES METERING DATA TO MSATS FOR ROLR EFFECTIVE TRANSFER DATE

### 15.1. Conditions Precedent

- (a) The MDP has received any of the following:
- (i) An Change Request Notification with a COM status for a change of FRMP generated as a result of the application of section 10.1(c), 11.2(d)(iv), 11.2(e)(iii), 11.2(i)(v), 13.3(d)(v), or 13.3(i)(v) advising, for each RoLR Event Affected NMI where the Failed Retailer was the Current FRMP, which *Market Participant* is the New FRMP and the date of effect of the change (the *ActualChangeDate* in the Change Request Notification), which is the RoLR Effective Transfer Date.

Note: Change Request Notifications generated as a result of the application of section 11.2(d)(iv), 11.2(e)(iii), 11.2(i)(v), 13.3(d)(v), 13.3(e)(iii) or 13.3(i)(v) will be easily identifiable because they use the Change Reason Code of *ROLR*. The *NMIs* for which COM status Change Request Notifications are generated as a result of compliance with section 10.1(c) are not so easily identified because they will have a *business as usual* Change Reason Code. These ones are able to be identified from the report supplied by AEMO in compliance with section 10.1(g).

- (ii) An Change Request Notification with a COM status for a change of LR generated as a result of the application of section 12.2(d) 4, where the Failed Retailer was not the FRMP, advising, for each RoLR Event Affected NMI where the Failed Retailer was the Current LR, which *Market Participant* is its New LR and the date of effect of the change (the *ActualChangeDate* in the Change Request Notification), which is the RoLR Effective Transfer Date.

Note: These would be notifications for change of LR for Second Tier NMIs where the Failed Retailer was the LR.

### 15.2. MDP Obligations

The MDP must:

- (a) within five *business days* after receiving the COM Change Request Notification for a *NMI*, , provide *metering data* up to the RoLR Effective Transfer Date to MSATS and the same *metering data* up to the RoLR Effective Transfer Date to those Participants entitled to it in accordance with the *metrology procedure* under section 103.
- (b) In accordance with section 15.2(a), if an Actual Meter Reading is available for the RoLR Effective Transfer Date, provide it.
- (c) In accordance with section 15.2(a), if an Actual Meter Reading is not available for the RoLR Effective Transfer Date, provide *substituted metering data* that complies with the Substitution rules in Metrology Procedure: Part B.

### 15.3. Related Part B

Section 15 is related to section 103.

## 16. AEMO CHANGES ROLR ROLE IN MSATS FROM THE FAILED RETAILER

### 16.1. AEMO Obligations

Within two *business days* after AEMO has completed all its obligations under sections 11, 12 and 13, AEMO must:

- (a) Identify the *NMIs* for which the Failed Retailer is the Current RoLR and for which the Regulator has advised which *Market Customer* should be nominated as the *RoLR*.
- (b) For each of the *NMIs* identified as a consequence of section 16.1(a), determine the New RoLR in accordance with the regulatory instructions.
- (c) Confirm that any *Market Customer* nominated as a *RoLR* by the Regulator has been assigned the RoLR Role in MSATS.
- (d) Use the BCT to update all *NMIs* where the current *RoLR* for the *NMI* on the RoLR Effective Transfer Date is the Failed Retailer, to make the newly nominated *RoLR* the *RoLR*, effective from that date.
- (e) Apply the following additional rules when making the changes required by section 16.1(d):
  - (i) Do not change any Role other than the *RoLR*.
  - (ii) Use the following parameters when using the BCT:
    - (A) Use the Change Reason Code of BC00.
    - (B) The Current RoLR is the Participant ID for the Failed Retailer for the group being processed.
    - (C) The New RoLR is the Participant ID of the RoLR, for the organisation specified by the Regulator.
    - (D) The Current LNSP or the ENM in the case of *child connection points* is the LNSP Participant ID for the group being processed.
    - (E) The Start Date is the RoLR Effective Transfer Date.
  - (iii) Send out COM (Completed) Change Request Notifications in accordance with the NER in Table 16-A and Table 16-B (currently none).

**Table 16-A: Role Status of NEW - Change Request Status Notification Rules for BC00 CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	-	-	-	-	-	-

**Table 16-B: Role Status of CURRENT - Change Request Status Notification Rules for BC00 CR Code**

	PARTICIPANT ROLE – RECEIVES NOTIFICATION OF CHANGE					
Status	FRMP	LR	LNSP/ENM	MDP	MPB	RP
Completed	-	-	-	-	-	-

- (f) Once section 16.1(d) is completed and, if section 17 is not required (because the Failed Retailer is still operating in some Jurisdictions), send an email confirming that there are no other updates required in MSATS to all RoLR Key Contacts.

Note: This email may also be delivered to the Relevant Regulators.

## **17. AEMO CEASES ALL THE FAILED RETAILER'S ROLES AS OF ROLR EFFECTIVE TRANSFER DATE**

### **17.1. Conditions Precedent**

- (a) The Failed Retailer must not be able to operate in any Jurisdiction.
- (b) The Failed Retailer is not currently nominated in any Role for any non-extinct *NMI* that overlaps the RoLR Effective Transfer Date.

Note: This requires that all the changes required to meet *AEMO*'s obligations imposed by sections 11, 12, 13 and 16 have been completed.

### **17.2. AEMO Obligations**

Within two *business days* of the conditions in section 19 being met, AEMO must:

- (a) For all MSATS Participant IDs that belong to the Failed Retailer, cease the ability for that Participant ID to act in any Role by making the Roles assigned to the Participant ID inactive as of the RoLR Effective Transfer Date.
- (b) Once section 17.2(a) is completed, send an email confirming that there are no other updates required in MSATS to all RoLR Key Contacts.

Note: This email may also be delivered to the Relevant Regulators.

## 18. PARTICIPANTS PERFORM A POST ROLR EVENT RECONCILIATION OF MSATS-RELATED DATA AND PREPARE A REPORT FOR AEMO

### 18.1. Conditions Precedent

AEMO has sent the email indicating that all updates to MSATS are complete, required by one of sections 11.2(k)(ii), 12.2(f), 13.3(m)(ii), 16.1(f), or 17.2(b).

Note: The section that triggers the requirement to send the email will depend on what tasks are required.

### 18.2. RoLR Event Affected MSATS Participants' Obligations

Between 3-4 months after the day of the RoLR Event, each RoLR Event Affected MSATS Participant must:

- Undertake a reconciliation of data and associated information in accordance with Table 18-A.
- Create a reconciliation differences table that captures discrepancies between the data and information stored by AEMO and the data and information stored by MSATS Participants' systems.
- Work within bilateral arrangements with other MSATS Participants and AEMO to resolve issues identified in the reconciliation differences table.
- Communicate with other MSATS Participants, in the first instance, via the RoLR Key Contacts and thereafter between business personnel as applicable.

**Table 18-A: Post RoLR Event Reconciliation Matrix – MSATS Related Data**

RECONCILING PARTICIPANT	DATA	RECONCILES AGAINST	OUTPUT
<i>RoLR</i> (now FRMP)	<i>NMIs</i> where FRMP was changed	ROLR_013 report; and if received ROLR_014 report.  Change Request Notifications for ROLR CR code.	List of <i>NMI</i> mismatches - <i>NMIs</i> in the AEMO lists for which Change Request Notifications for ROLR CR code have not been received. - <i>NMIs</i> for which Change Request Notifications for ROLR CR code have been received that are not in the AEMO <i>NMI</i> lists.
LNSP/ENM	<i>NMIs</i> where FRMP was changed	Same as for <i>RoLR</i> above.	Same as for <i>RoLR</i> above.
MDP	<i>NMIs</i> where FRMP was changed	Same as for <i>RoLR</i> above.	Same as for <i>RoLR</i> above.
Replacement LR	<i>NMIs</i> where LR was changed	ROLR_014 report.  Change Request Notifications for 6401 CR code. Change Request Notifications for ROLR CR code received in FRMP Role that also nominated a New LR.	List of <i>NMI</i> mismatches <i>NMIs</i> in the AEMO list for which Change Request Notifications for 6401 CR code or ROLR CR code with a New LR nominated have not been received. <i>NMIs</i> for which Change Request Notifications for 6401 CR code or ROLR CR code with a New LR have been received that are not in the AEMO <i>NMI</i> list.
LNSP/ENM	<i>NMIs</i> where LR was changed	Same as for Replacement LR above.	List of <i>NMI</i> mismatches (same as for Replacement LR above).
MDP	<i>NMIs</i> where LR was changed	Same as for Replacement LR above.	List of <i>NMI</i> mismatches (same as for Replacement LR above).

RECONCILING PARTICIPANT	DATA	RECONCILES AGAINST	OUTPUT
RoLR (now FRMP)	NMIs where LR was changed	Same as for Replacement LR above.	List of NMI mismatches (same as for Replacement LR above).
FRMP (other than RoLR)	Accelerated transfers	ROLR_023 report.  If necessary, Change Request Notifications that change the FRMP.	Check that, for all Accelerated transfers on the AEMO list, the NMI is recorded in the FRMP's internal systems as having being transferred on the RoLR Effective Transfer Date.
MDPs for NMIs with Accelerated transfers	Accelerated transfers	ROLR_024 report.  If necessary, Change Request Notifications that change the FRMP.	Check that, for all Accelerated transfers on the AEMO list, the NMI is recorded in the MDP's internal systems as having being transferred to a New FRMP (other than the RoLR) and, if applicable, New MDP, on the RoLR Effective Transfer Date.
MC	MPB Participant ID	Change Requests The list of Cancelled Change Requests (see section 9.1d)) that were updating the MPB Role. Internal processes and systems.	Check that the MPB Role is correct.
MC	MDP Participant ID	Change Requests The list of Cancelled Change Requests (see section 9.1d)) that were updating the MDP Role. Internal processes and systems.	Check that the MDP Role is correct.

(e) provide AEMO with a report that contains the following data:

- (i) Summary of status of all RoLR Event Affected NMIs for that MSATS Participant, listing:
  - (A) Number of NMIs for which all processing is complete.
  - (B) Number of NMIs for which processing is still in progress for which there are issues.
  - (C) Number of NMIs for which processing is still in progress for which there are no issues.

Note: The reconciliation shall be limited to detail directly affected by the RoLR Event
- (ii) List of NMIs that are in dispute and reasons for the dispute.
- (iii) Impact statements including:
  - (A) Volume of NMIs processed for the MSATS Participant.
  - (B) Estimated times for completion of business processes described in Part A of this document.
  - (C) Any timeframe impacts on business as usual MSATS-related business processes.

### 18.3. Related Part B

Section 18 is related to section 24

## 19. AEMO CONDUCTS ROLR POST IMPLEMENTATION REVIEW

### 19.1. AEMO Obligations

Within six months of the date a RoLR Event, AEMO must:

- (a) Undertake and *publish* a report of a RoLR Post Implementation Review, which includes:
  - (i) A review of the impacts to the *market* as a whole.
  - (ii) Captured substantial issues.
  - (iii) Proposed solutions, or a proposed methodology to identify solutions to the captured issues and changes to these Procedure where required.

## PART B - B2B PROCEDURE ROLR PROCESS

### 20. GENERAL B2B OBLIGATIONS

#### 20.1. Application

- (a) The purpose of this section of the document is to specify general *B2B Communications* obligations imposed on each Participant that is potentially or actually involved in a RoLR Event..

#### 20.2. General Obligations

##### 20.2.1. In Advance of a RoLR Event

Participants must maintain up-to-date contact details for their RoLR Key Contacts (primary operational contact and the process owner or escalation contact) within the NEM Retail Operations Contacts List..

##### 20.2.2. Once a RoLR Event is Invoked

- (a) Immediately after AEMO has invoked a RoLR Event, RoLR Event Affected Participants must follow the processes for the transition of *NMIs*.
- (b) Each RoLR Key Contact for each RoLR Event Affected MSATS Participant must be available for other RoLR Key Contacts to communicate with.
- (c) If any Participant's RoLR Key Contact is on leave or otherwise unavailable when a RoLR Event is invoked, the Participant must update the NEM Retail Operations Contacts List with the name and contact details for replacement RoLR Key Contacts.

#### 20.3. Failed Retailer Obligations

##### 20.3.1. Once a RoLR Event is Invoked

The Failed Retailer must ensure that at least one of its RoLR Key Contacts is available for RoLR Event Affected MSATS Participants to communicate with.

## 21. ROLR OBTAINS CUSTOMER AND SITE DETAILS

### 21.1. Conditions Precedent

AEMO has provided the Failed Retailer/Insolvency Official and affected LNSPs with the reports referred to in section 7.1.

### 21.2. Failed Retailer/Insolvency Official Obligations

The Failed Retailer/Insolvency Official must:

- (a) Provide each *RoLR* with the Customer and Site Details specified in Table 102-A for each of the *NMIs* to be transferred to that *RoLR* that were in the *NMI* List provided by AEMO (the *RoLR*/FRMP *NMI* List - Where Failed Retailer is FRMP Report).
- (b) Exclude from the list of *NMIs* identified in section 52.3(a) any *NMIs* transferred to a *retailer* other than the *RoLR* as a result of AEMO's acceleration of any existing transfers away from the Failed Retailer, as a result of the application of section 8.3(c). Use, to identify the *NMIs* to be excluded:
  - (i) The list provided by AEMO under section 8.3(d); and
  - (ii) Any MSATS COM notifications received as a consequence of the application of section 8.3(c).
- (c) Supply the data referred to in section 52.3(a) in csv format as a minimum to the *RoLR* Key Contact, unless an alternative person to receive the data has been agreed between both parties. The preferred delivery mechanism is a DVD (any DVD type), with email as a backup. The backup delivery method is, however, the preferred method if the amount of data to be transmitted is less than one megabyte.

**Table 21-A: Customer and Site Details to be provided to RoLR**

\*\* Values are as follows:

- M Mandatory (must be provided in all situations)  
 R Required (if this information is available)

\* Refer to definition of DATE(8) in the *B2B Procedure: Technical Delivery Specification*.

FIELD (COLUMN NAME IF PROVIDED IN .CSV FILE)	FORMAT	M or R**	COMMENT (REFERENCE TO B2B PROCEDURE WHERE DATA IS DEFINED AND ADDITIONAL QUALIFICATION WHERE NECESSARY)

The format of this component is as per the definition of PersonNameFamily in the PERSONNAME definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteFlatOrUnitType	VARCHAR(4)	R	A component of SiteAddress. The valid values for and format of this component are as per the definition of FlatOrUnitType in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteFlatOrUnitNumber	VARCHAR(7)	R	A component of SiteAddress. The format of this component is as per the definition of FlatOrUnitNumber in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteFloorOrLevelType	VARCHAR(2)	R	A component of SiteAddress. The valid values for and format of this component are as per the definition of FloorOrLevelType in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteFloorOrLevelNumber	VARCHAR(5)	R	A component of SiteAddress. The format of this component is as per the definition of FloorOrLevelNumber in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteBuildingOrPropertyName1	VARCHAR(30)	R	A component of SiteAddress. The format of this component is as per the definition of BuildingOrPropertyName in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteBuildingOrPropertyName2	VARCHAR(30)	R	A component of SiteAddress. The format of this component is as per the definition of BuildingOrPropertyName in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .  Note: This is only required if the building or property name require more than one line of description. It should only be supplied if there is a value in SiteBuildingOrPropertyName1.
SiteLocationDescriptor	VARCHAR(30)	R	A component of SiteAddress. The format of this component is as per the definition of LocationDescriptor in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .

FIELD (COLUMN NAME IF PROVIDED IN .CSV FILE)	FORMAT	M or R**	COMMENT (REFERENCE TO B2B PROCEDURE WHERE DATA IS DEFINED AND ADDITIONAL QUALIFICATION WHERE NECESSARY)
SiteHouseNumber1	NUMERIC(5) IN RANGE 0-99999	R	A component of SiteAddress. The format of this component is as per the definition of HouseNumber in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . If there is only one house number, use this data element only. If the address has a range of numbers, the first number in the range should go here.
SiteHouseNumberSuffix1	VARCHAR(1)	R	A component of SiteAddress. The format of this component is as per the definition of HouseNumberSuffix in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . Where data is provided, there must be a value in SiteHouseNumber1.
SiteHouseNumber2	NUMERIC(5) IN RANGE 0-99999	R	See description of 'SiteHouseNumber1'. This value is the second number in the range if the address is expressed as a number range. Where data is provided, there must be a value in SiteHouseNumber1.
SiteHouseNumberSuffix2	VARCHAR(1)	R	See description of 'SiteHouseNumberSuffix1'. Where data is provided, there must be a value in SiteHouseNumber2.
SiteLotNumber	VARCHAR(6)	R	A component of SiteAddress. The format of this component is as per the definition of LotNumber in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteStreetName1	VARCHAR(30)	R	A component of SiteAddress. The format of this component is as per the definition of StreetName in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . If there is only one street name in the address, use this data element only. If the address has more than one street name (e.g. an address on a corner), the first street name part of the address goes here.
SiteStreetType1	VARCHAR(4)	R	A component of SiteAddress. The valid values for and format of this component are as per the definition of StreetType in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . Where data is provided, there must be a value in SiteStreetName1.
SiteStreetSuffix1	VARCHAR(2)	R	A component of SiteAddress. The valid values for and format of this component are as per the definition of StreetSuffix in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . Where data is provided, there must be a value in SiteStreetName1.
SiteStreetName2	VARCHAR(30)	R	See description of 'SiteStreetName1'. This would only be required, when used in conjunction with a location descriptor for physical addresses that are expressed as the corner of two streets or rear access lots. Where data is provided, it must be the second name (i.e. there must be a value in SiteStreetName1).
SiteStreetType2	VARCHAR(4)	R	See description of 'SiteStreetType1'. Where data is provided, it must be related to a value in SiteStreetName2.
SiteStreetSuffix2	VARCHAR(2)	R	See description of 'SiteStreetSuffix1'. Where data is provided, it must be related to a value in SiteStreetName2.
SiteLocality	VARCHAR(46)	M	A component of SiteAddress. The format of this component is as per the definition of Locality (SiteAddressCity) in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteAddressState	VARCHAR(3)	M	A component of SiteAddress. The valid values for and format of this component are as per the definition of SiteAddressState in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SiteAddressPostcode	CHAR(4)	M	A component of SiteAddress. The valid values for and format of this component are as per the definition of SiteAddressPostcode in the ADDRESS definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .

This is mandatory if any other 'Postal' address data items are supplied.</p>
Contact1PhonePrefix	VARCHAR(4)	R	<p>A component of PhoneNumber1, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i>. The format of this component is as per the definition of Prefix in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i>. This is mandatory if there is a value in Contact1PhoneNumber.</p>

FIELD (COLUMN NAME IF PROVIDED IN .CSV FILE)	FORMAT	M or R**	COMMENT (REFERENCE TO B2B PROCEDURE WHERE DATA IS DEFINED AND ADDITIONAL QUALIFICATION WHERE NECESSARY)
Contact1PhoneNumber	VARCHAR(15)	R	A component of PhoneNumber1, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The format of this component is as per the definition of Number in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . This is mandatory if there is a value in Contact1PhonePrefix.
Contact1PhoneService Comment	VARCHAR(40)	R	A component of PhoneNumber1, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of ServiceComment in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
Contact1PhoneServiceType	VARCHAR(12)	R	A component of PhoneNumber12, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of ServiceType in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
Contact2PhonePrefix	VARCHAR(4)	R	A component of PhoneNumber2, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The format of this component is as per the definition of Prefix in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . Contact2 phone details should only be populated if a Contact2 telephone number has been provided. This is mandatory if there is a value in Contact2PhoneNumber.
Contact2PhoneNumber	VARCHAR(15)	R	A component of PhoneNumber2, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The format of this component is as per the definition of Number in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> . This is mandatory if there is a value in Contact2PhonePrefix.
Contact2PhoneServiceComment	VARCHAR(40)	R	A component of PhoneNumber2, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of ServiceComment in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
Contact2PhoneServiceType	VARCHAR(12)	R	A component of PhoneNumber2, which is a part of the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of ServiceType in the TELEPHONE definition in the <i>B2B Procedure: Technical Guidelines for B2B Procedures</i> .
SensitiveLoad	VARCHAR(20)	M	As defined in the CustomerDetailsNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of SensitiveLoad in the <i>B2B Procedure: Customer and Site Details Notification Process</i> .
SiteAccessDetails	VARCHAR(160)	R	As defined in the SiteAccessNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of AccessDetails in the <i>B2B Procedure: Customer and Site Details Notification Process</i> .
SiteHazardDescription	VARCHAR(80)	R	As defined in the SiteAccessNotification transaction in the <i>B2B Procedure: Customer and Site Details Notification Process</i> . The valid values for and format of this component are as per the definition of HazardDescription in the <i>B2B Procedure: Customer and Site Details Notification Process</i> .

### 21.3. LNSP Obligations

The LNSP must:

- (a) Provide each *RoLR* with the Customer and Site Details data specified in Table 52-A for all the *NMIs* on the *NMI* list reports provided by AEMO in compliance with section 5.3(c).
- (b) Exclude from the list of *NMIs* identified in section 21.4(a) any *NMIs* transferred to a *retailer* other than the *RoLR* as a result of AEMO's acceleration of any existing transfers away from the Failed Retailer, as a result of the application of section 8.3(c), using, to identify the *NMIs* to be excluded:
  - (i) The list provided by AEMO in compliance with section 8.3(d); and
  - (ii) Any MSATS COM notifications received as a consequence of the application of section 8.3(c)
- (c) Supply this information in csv format as a minimum to the *RoLR* Key Contact, unless an alternative person to receive the data has been agreed between both parties. The preferred delivery mechanism is a DVD (any DVD type), with the backup delivery method being email. The backup delivery method is, however, the preferred method if the amount of data to be transmitted is less than one megabyte.

### 21.4. Timeframe Rules

- (a) The Failed Retailer/Insolvency Official must make reasonable endeavours to comply with section 21.3(a) by the end of the next *business day* after receiving the *NMI* List report, and, if that is not possible, must comply within four *business days* of receiving it.
- (b) The LNSP must comply with section 21.4(a) within four *business days* of receiving the *NMI* List reports provided in compliance with section 5.3(c) and 8.3(d).

## 22. MDP PROVIDES METER READS FOR ROLR EFFECTIVE TRANSFER DATE

### 22.1. Conditions Precedent

- (a) The MDP has received any of the following:
  - (i) An MSATS Change Request Notification with a COM status for a change of FRMP generated as a result of the application of section 10.1(c), 11.2(d), 11.2(h) (v), 13.3(d) (v), 13.3(h) (v), advising, for each *RoLR* Event Affected *NMI* where the Failed Retailer was the Current FRMP, which *Market Participant* is the New FRMP and the date of effect of the change (the *ActualChangeDate* in the Change Request Notification), which is the *RoLR* Effective Transfer Date.  
  
 Note: MSATS Change Request Notifications generated as a result of the application of section 9.3(e) 5 or 11.3(d) 5 will be easily identifiable because they use the Change Reason Code of *ROLR*. The *NMIs* for which COM status Change Request Notifications are generated as a result of compliance with section 8.3(c) are not so easily identified because they will have a *business as usual* Change Reason Code. These ones are able to be identified from the report supplied by AEMO in compliance with section 8.3(g).
  - (ii) An MSATS Change Request Notification with a COM status for a change of LR generated as a result of the application of section 10.3(d) 4, where the Failed Retailer was not the FRMP, advising, for each *RoLR* Event Affected *NMI* where the Failed Retailer was the Current LR, which *Market Participant* is its New LR

and the date of effect of the change (the *ActualChangeDate* in the MSATS Change Request Notification), which is the RoLR Effective Transfer Date.

Note: These would be notifications for change of LR for Second Tier NMLs where the Failed Retailer was the LR.

## 22.2. MDP Obligations

The MDP must:

- (a) For each *NMI* for which it has received the MSATS Change Request Notification identified in section 22.2(a), provide *metering data* up to the RoLR Effective Transfer Date to those MSATS Participants entitled to it, in accordance with the Service Level Procedure (MDP).
- (b) In accordance with section 22.2(a), if an Actual Meter Reading is available for the RoLR Effective Transfer Date, provide it.
- (c) In accordance with section 22.2(a), if an Actual Meter Reading is not available for the RoLR Effective Transfer Date, provide *substituted metering data*.

## 22.3. Timeframe Rules

Reasonable endeavours must be made to comply with section 22.2(a) for each affected *NMI* within five *business days* after receiving the COM Change Request Notification for that *NMI*.

## 22.4. Related to Part A

Section 22.4 is related to section 13.

## 23. MANAGEMENT OF IN PROGRESS SERVICE ORDERS RAISED BY FAILED RETAILER

### 23.1. Conditions Precedent

- (a) AEMO has invoked a RoLR Event.
- (b) The Failed Retailer and LNSP have received a notification of the RoLR Event being invoked.

### 23.2. Failed Retailer Obligations

The Failed Retailer must:

- (a) Stop raising *ServiceOrder* requests for RoLR Event Affected NMLs immediately after the RoLR Event is invoked.
- (b) After receiving the *FRMP/RoLR NMI List* report provided by AEMO in compliance with section 5.3(c), provide each *RoLR* with a list of *Service Orders* that have been raised, for which a *ServiceOrderResponse* transaction with a response type of 'Closure' has not been received, for all *RoLR*-affected *NMLs*.
- (c) At least once each *business day*, provide each *RoLR* with a list of all *Service Orders* that it has previously raised, for which a *ServiceOrderResponse* transaction with a *ServiceOrderStatus* of "Partially Completed", "Not Completed" or "Complete" is received, for all *RoLR*-affected *NMLs* where the date of the *ActualDateAndTime* in the *ServiceOrderResponse* transaction is equal to or greater than the RoLR Effective Transfer Date.

- (d) Include in the lists provided as required by:
  - (i) section 23.3(b), all the details contained in each original Service Order Request; and
  - (ii) section 23.3(c), all the details contained in each original Service Order Request.
- (e) At a minimum, the lists to be provided in compliance with section 23.3(b) and 23.3(c), must be in csv format.

### 23.3. MC / MP / LNSP Obligations

Each MC/MP/LNSP must:

- (a) On receipt of notification that the RoLR Event has been invoked (either the original AEMO Communication notification or the notification referred in section 3.3(a), whichever is received first), obtain and retain a list of all Service Orders raised by the Failed Retailer for which a *ServiceOrderResponse* transaction has yet to be provided.  
 Note: This report will be used to support the reconciliation required by section 24.3
- (b) Should the Failed Retailer send any Service Order Requests with an Action Type of 'New' or 'Replace' on or after the RoLR Effective Transfer Date for *NMIs* that are in Jurisdictions where the Failed Retailer is no longer licensed to operate, send a Business Rejection signal in response to the Service Order Request which indicates that 'The Request falls outside the MC, MP or LNSP's regulatory and/or contractual obligations'.
- (c) All De-Energisation for non-payment Service Orders must be cancelled and finalised for each RoLR Event Affected *NMI*, except where the MC, MP or LNSP considers the work is unable to be cancelled, by sending a *ServiceOrderResponse* transaction with the following details:
  - (i) *ServiceOrderStatus* = "Not completed"
  - (ii) *ExceptionCode* = "Other"
  - (iii) *SpecialNotes* = "RoLR"
- (d) Provide the *RoLR* with a list of all Service Orders for which a *ServiceOrderResponse* with a "Not Completed" *ServiceOrderStatus* was generated as a consequence of the requirements of section 23.4(c), which contains all of the details in each original Service Order Request and Service Order Response.
- (e) Complete the work for any De-Energisation for Non-Payment Service Orders that have been scheduled that were not able to be cancelled.
- (f) For a period of 15 *business days*, starting from when the *NMI* List report is received, deliver to each *RoLR* a daily report that has lists of all Service Orders details including Request and Response information initiated by the Failed Retailer for *NMIs* for which the *RoLR* has become the FRMP (to be sent to the RoLR Key Contact) for which a *ServiceOrderResponse*:
  - (i) has yet to be sent to the Failed Retailer; and
  - (ii) with a *ServiceOrderStatus* of "Partially Completed" "Not Completed" or "Complete" has been sent to the Failed Retailer.
- (g) At a minimum, the list to be provided in compliance with section 23.4(d) must be in csv format and:
  - (i) Contain all *ServiceOrderRequest* transaction fields.

- (ii) Contain all *ServiceOrderResponse* transaction fields.
- (iii) With each row identified with the field name, with *ServiceOrderRequest* data preceding *ServiceOrderResponse* data.

Note: The first *business day* that this report is sent, the items identified in section 23.4(g) 2 should include all applicable *ServiceOrderResponses* where the date of the *ActualDateAndTime* in the *ServiceOrderResponse* transaction is equal to or greater than the RoLR Effective Transfer Date. Subsequent reports should include all applicable *ServiceOrderResponse* transactions generated since the previous report.

## 23.4. RoLR Obligations

The RoLR must:

- (a) After receiving a list of Service Orders that are still not finalised from the Failed Retailer provided in compliance with section 23.3(b) or a list of Service Orders that were finalised with a *ServiceOrderStatus* of “Not Completed” from the existing MC, MP or LNSP as a consequence of section 23.4(d) or 23.4(g), do the following, where necessary:
  - (i) If the service is still required, initiate a new Service Order with either the MC, MP or LNSP to have the service completed.
  - (ii) Where there is no arrangement with the existing MC or MP, raise the necessary MSATS change to update roles and initiate a new Service Order with the new MC or MP to have the service completed.
- (b) After receiving any lists of Service Orders that were finalised with a *ServiceOrderStatus* of “Partially Completed” from the Failed Retailer in compliance with section 23.3(c) or the MC, MP, LNSP in compliance with section 23.3(g) 2, do the following, where necessary:
  - (i) If the service is still required, initiate a new Service Order with either the MC, MP or LNSP to have the service completed.
  - (ii) Where there is no arrangement with the existing MC or MP, raise the necessary MSATS change to update roles and initiate a new Service Order with the new MC or MP to have the service completed.
- (c) Be responsible for any charges passed on by the MC, MP or LNSP, within bilateral arrangements, for providing any services it has requested for any *NMIs* transferred to it as a consequence of the RoLR Event.

## 23.5. Timeframe Rules

- (a) Section 23.3(a) must be complied with immediately after receiving the AEMO Communication that the RoLR Event has been invoked.
- (b) Section 23.3(b) must be complied with within one Business Hour of receiving the *NMI* List reports from AEMO provided in compliance with section 5.3(c).
- (c) Section 23.3(c) must be complied initially within one Business Hour of receiving the *NMI* List report provided in compliance with section 5.3(c) and continue once each *business day* for 14 *business days*.
- (d) Section 23.4(a) and 54.4(b) must be complied with immediately after receiving notification that the RoLR Event has been invoked, either the original AEMO Communication notification or the notification referred to in section 3.3(a), whichever is received first).

- (e) Section 23.4(c) must be complied with by the end of the next *business day* after receiving the *NMI* List report provided in compliance with section 5.3(c).
- (f) Section 23.4(d) must be complied with within a Business Hour of completing section 23.4(c).
- (g) Section 23.4(f) must be complied with initially by the end of the next *business day* after receiving the *NMI* List report provided by AEMO in compliance with section 5.3(c), and then by the end of each of the next 14 *business days*.

## 24. POST ROLR EVENT RECONCILIATION AND REPORT FOR AEMO

### 24.1. Conditions Precedent

AEMO has sent the email, indicating that all updates to MSATS are complete, required by one of sections 9.3(k), 10.3(e), 11.3(l), 14.3(f) or 15.3(b).

### 24.2. RoLR Event Affected MSATS Participants' Obligations

Each RoLR Event Affected MSATS Participant acting in the Role of LNSP and ROLR must:

- (a) undertake a reconciliation of data and associated information in accordance with Table 24-A;

**Table 24-A: Post RoLR Event Reconciliation Matrix – B2B Related Data**

RECONCILING PARTICIPANT	DATA	RECONCILES AGAINST	OUTPUT
RoLR (now FRMP)	Customer and Site data for <i>NMIs</i> where FRMP was updated.	'RoLR/FRMP <i>NMI</i> List – Where Failed Retailer is a Second Tier FRMP Report' And, if received: 'RoLR/LR <i>NMI</i> List– where Failed Retailer is LR Report' (includes First Tier <i>NMIs</i> where Suspended Retailer is FRMP and LR) Customer and Site details provided by Failed Retailer/Insolvency Official, LNSP, or both.	List of <i>NMIs</i> on AEMO <i>NMI</i> lists for which no customer and site data has been received. List of <i>NMIs</i> for which customer details have been received that are not on the AEMO <i>NMI</i> lists.
RoLR (now FRMP)	Services Orders for which a ServiceOrder Response with a <i>ServiceOrderStatus</i> of "Not complete" was received.	Lists provided by either the MC, MP or LNSP and/or Failed Retailer/Insolvency Official against internal documents that track <i>customer</i> contacts Used to confirm that they have contacted all <i>customers</i> and actioned appropriately.	List of Service Orders with a <i>ServiceOrderStatus</i> of "Not complete" that have not been followed up with the <i>customer</i> by the MC, MP or LNSP.
RoLR (now FRMP)	Services Orders for which a ServiceOrder Response with a <i>ServiceOrderStatus</i> of "Partially Completed" was received.	Lists provided by either the MC, MP or LNSP and/or Failed Retailer/Insolvency Official against internal documents that track <i>customer</i> contacts. Used to confirm that they have contacted all <i>customers</i> and actioned appropriately.	List of Service Orders with a <i>ServiceOrderStatus</i> of "Partially Completed" that have not been followed up with the <i>customer</i> – by either the MC, MP or LNSP.
LNSP	Ensure that a <i>ServiceOrderResponse</i> has been provided for all <i>ServiceOrders</i> requested by the Failed Retailer.	Compare snapshot report of <i>ServiceOrders</i> from Failed Retailer made in compliance with paragraph (a) against internal systems to check if there are any <i>ServiceOrders</i> on that list that have still not been responded to with a <i>ServiceOrderResponse</i> .	List of Service Orders raised by Failed Retailer for which a <i>ServiceOrderResponse</i> has not been sent.

RECONCILING PARTICIPANT	DATA	RECONCILES AGAINST	OUTPUT
MC	Ensure that a <i>ServiceOrderResponse</i> has been provided for all <i>Service Orders</i> requested by the Failed Retailer.	Compare snapshot report of <i>Service Orders</i> from Failed Retailer made in compliance with paragraph (a) against internal systems to check if there are any <i>Service Orders</i> on that list that have still not been responded to with a <i>ServiceOrderResponse</i> .	List of <i>Service Orders</i> raised by Failed Retailer for which a <i>ServiceOrderResponse</i> has not been sent.
MP	Ensure that a <i>ServiceOrderResponse</i> has been provided for all <i>Service Orders</i> requested by the Failed Retailer.	Compare snapshot report of <i>Service Orders</i> from Failed Retailer made in compliance with paragraph (a) against internal systems to check if there are any <i>Service Orders</i> on that list that have still not been responded to with a <i>ServiceOrderResponse</i> .	List of <i>Service Orders</i> raised by Failed Retailer for which a <i>ServiceOrderResponse</i> has not been sent.

- (b) create a reconciliation differences table that captures discrepancies between the *NMI* list data provided by AEMO and Change Request Notifications and *B2B data* and information provided by other Participants;
- (c) work with other Participants and AEMO to resolve issues identified in the reconciliation differences table;
- (d) communicate with other Participants, in the first instance, via the RoLR Key Contacts and thereafter between business personnel as applicable; and
- (e) provide a report to AEMO containing the following information:
  - (i) summary of status of all RoLR Event Affected NMIs for that Participant;
    - (A) Number of *NMIs* for which all required customer and Site details have been received (FRMP only);
    - (B) Number of *NMIs* for which all required customer and Site details have not been received (FRMP only);
    - (C) Number of *NMIs* for which there are issues with regard to completion of *Service Orders*;
  - (ii) list of *NMIs* that are in dispute and reasons for the dispute; and
  - (iii) impact statements including:
    - (A) Volume of *NMIs* processed for the Participant;
    - (B) Estimated times for completion of business processes required by Part B; and
    - (C) Any timeframe impacts on *business as usual* B2B-related business processes.

### 24.3. Timeframe Rules

The report must be provided to AEMO between 3-4 months after the RoLR Event was invoked.

### 24.4. Related Part A

Section 24.4 is related to section 16.

## APPENDIX 1. SPECIFICATIONS FOR ROLR REPORTS

Report No.	Section	Report Name	Report Description	Report format	Filename	Recipient	Timing
ROLR_001	6.1(a)	RoLR/FRMP Summary Report Type A	A summary report by Jurisdiction of Second Tier NMIs where the Failed Retailer is the FRMP. Each Regulator receives the count of <i>NMIs</i> from its Jurisdiction.	CSV file	ROLR_001_<JURISDICTION> where <JURISDICTION> is the name of the Regulator applicable to the file.	Each individual Jurisdiction	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_002	6.1(a)	RoLR/FRMP Summary Report Type B	A summary report by MDP of Second Tier NMIs where the Failed Retailer is the FRMP. Each MDP receives the count of <i>NMIs</i> for which it is the Current MDP.	CSV file	ROLR_002_<MDP> where <MDP> is the Participant ID of the MDP applicable to the file.	Each individual MDP	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_003	6.1(a)	RoLR/FRMP Summary Report Type C	A summary report by LNSP/ENM of Second Tier NMIs where the Failed Retailer is the FRMP. Each LNSP/ENM receives the count of <i>NMIs</i> for which it is the Current LNSP/ENM.	CSV file	ROLR_003_<LNSP> where <LNSP> is the Participant ID of the <i>LNSP</i> applicable to the file.	Each individual LNSP/ENM	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_004	6.1(a)	RoLR/FRMP Summary Report Type D	A summary report by <i>RoLR</i> as the New FRMP of <i>NMIs</i> where the Failed Retailer is the FRMP. Each <i>RoLR</i> receives the count of <i>NMIs</i> for which it is the current <i>RoLR</i> (i.e. the <i>NMIs</i> for which it can expect to become the Current FRMP).	CSV file	ROLR_004_<ROLR> where <ROLR> is the Participant ID of the <i>RoLR</i> applicable to the file.	Each individual <i>RoLR</i> as the New FRMP	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_005	6.1(a)	RoLR/FRMP Summary Report Type D	A summary report by <i>RoLR</i> as the New FRMP of <i>NMIs</i> where the Failed Retailer is the <i>FRMP</i> . The Failed Retailer receives the count of <i>NMIs</i> for each <i>RoLR</i> (i.e. the <i>NMIs</i> for which the <i>RoLR</i> (s) can expect to become the Current FRMP).	CSV file	ROLR_005_<SR> where <SR> is the Participant ID of the Failed Retailer.	The Failed Retailer (SR)	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_006	6.1(a)	RoLR/FRMP Summary Report Type E	A summary report by MPB of all Second Tier NMIs where the Failed Retailer is the FRMP.	CSV file	ROLR_006_<MPB> where <MPB> is the Participant ID of the <i>MPB</i> applicable to the file.	Each individual MPB	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_007	6.1(b)	RoLR/LR Summary Report Type A	A summary report by Jurisdiction of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR. Each Regulator receives the count of <i>NMIs</i> from its Jurisdiction.	CSV file	ROLR_007_<JURISDICTION> where <JURISDICTION> is the name of the Regulator applicable to the file.	Each individual Regulator	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_008	6.1(b)	RoLR/LR Summary Report Type B	A summary report by MDP of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR. Each MDP receives the count of <i>NMIs</i> for which it is the Current MDP.	CSV file	ROLR_008_<MDP> where <MDP> is the Participant ID of the MDP applicable to the file.	Each individual MDP	Delivered within 2 <i>business days</i> of RoLR Event occurring

Report No.	Section	Report Name	Report Description	Report format	Filename	Recipient	Timing
ROLR_009	6.1(b)	RoLR/LR Summary Report Type C	A summary report by LNSP/ENM of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR. Each LNSP/ENM receives the count of <i>NMIs</i> for which it is the Current LNSP/ENM.	CSV file	ROLR_009_<LNSP> where <LNSP> is the Participant ID of the <i>LNSP</i> applicable to the file.	Each individual LNSP or ENM	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_010	6.1(b)	RoLR/LR Summary Report Type D	A summary report by New LR ( <i>RoLR</i> as the New LR) of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR. Each replacement LR nominated by the Regulator receives the count of <i>NMIs</i> for which it can expect to become the Current LR.	CSV file	ROLR_010_<Replacement LR> where <Replacement LR> is the Participant ID of the Replacement LR applicable to the file.	Each individual <i>RoLR</i> (either as the New FRMP, as the New LR or both)	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_011	6.1(b)	RoLR/LR Summary Report Type D	A summary report by New LR ( <i>RoLR</i> as the New LR) of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR. The Current LR (which is the Failed Retailer) receives the count of <i>NMIs</i> each replacement LR nominated by the Regulator that can expect to become the Current LR.	CSV file	ROLR_011_<SR> where <SR> is the Participant ID of the Failed Retailer.	The Failed Retailer (SR)	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_012	6.1(b)	RoLR/LR Summary Report Type E	A summary report by <i>MPB</i> of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the LR.	CSV file	ROLR_012_<MPB> where <MPB> is the Participant ID of the <i>MPB</i> applicable to the file.	Each individual MPB	Delivered within 2 <i>business days</i> of RoLR Event occurring
ROLR_013	7.1(a)	RoLR/FRMP NMI List - SR is 2nd Tier FRMP	<i>NMI</i> list by MSATS Participant of all Second Tier NMIs where the Failed Retailer is the Current FRMP	CSV file	ROLR_013_<Role>_<Participant ID> where: <Role> is the Role of the Participant applicable to the file, and <Participant ID> is the participant ID applicable to the file.	All relevant <i>Market Customers and Market Participants</i>	Commence within 2 hours of completing reports specified in section 6.1 (b), and complete by the end of the following <i>business day</i> .
ROLR_014	7.1(b)	RoLR/LR NMI List - SR is LR	<i>NMI</i> list by MSATS Participant of all First Tier NMIs and Second Tier NMIs where the Failed Retailer is the Current LR.	CSV file	ROLR_014_<Role>_<Participant ID> where: <Role> is the Role of the Participant applicable to the file, and <Participant ID> is the Participant ID applicable to the file.	All relevant <i>Registered Participants</i> .	Commence within 2 hours of completing reports specified in section 6.1 (b), and complete by the end of the following <i>business day</i> .
ROLR_015	8.1(a)	CRs Pending where SR is to become FRMP	A list of all In Progress Change Requests entered into MSATS where the Failed Retailer is nominated as the New FRMP and the date for which the change is proposed is great than or equal to the RoLR Effective Transfer Date.	CSV file	ROLR_015_AEMO	AEMO	On day of RoLR Event or by COB the day after the RoLR Event at the latest

Report No.	Section	Report Name	Report Description	Report format	Filename	Recipient	Timing
ROLR_016	8.1(f)	Proposed Cancelled CRs - CRs Pending where SR is to become FRMP	A list of all In Progress Change Requests where the Failed Retailer is nominated as the New FRMP and the Proposed Change Date is great than or equal to the RoLR Effective Transfer Date. - Note these CR will all be cancelled.	CSV file	ROLR_016_<Participant ID> where <Participant ID> is the Participant ID applicable to the file.	LNSP/ENM	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_017	8.1(g)	Proposed Cancelled CRs - CRs Pending CRs where SR is to become FRMP	A list of all In Progress Change Requests where the Failed Retailer is nominated as the New FRMP and the Proposed Change Date is great than or equal to the RoLR Effective Transfer Date. - Note these CR will all be cancelled.	CSV file	ROLR_017_<Participant ID> where <Participant ID> is the Participant ID applicable to the file.	Current FRMP	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_018	9.1(a)	CRs Pending submitted by SR to change any Role ( <i>AEMO</i> )	A list of all Change Requests that have been submitted by the Failed Retailer to change any Role, other than FRMP and are still In Progress.	CSV file	ROLR_018_ <i>AEMO</i>	<i>AEMO</i>	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_019	9.1(d)	CRs Pending submitted by SR to change any Role (by <i>RoLR</i> )	A list of Change Requests for each <i>RoLR</i> as the New FRMP that are In Progress to change any Role, other than the FRMP, that have been submitted by the Failed Retailer.	CSV file	ROLR_019_<RoLR> where <RoLR> is the Participant ID of the <i>RoLR</i> applicable to the file.	Each individual <i>RoLR</i> as the New FRMP	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_020	10.1(b)	CRs to be Accelerated ( <i>AEMO</i> )	A list of all In Progress Change Requests in MSATS to transfer the FRMP where, in MSATS, the Failed Retailer is the Current FRMP for the RoLR Effective Transfer Date and a different <i>retailer</i> is the nominated New FRMP on the Change Requests.	CSV file	ROLR_020_ <i>AEMO</i>	<i>AEMO</i>	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_021	10.1(d)	CRs to be Accelerated (SR)	A list of all In Progress Change Requests in MSATS to transfer the FRMP where, in MSATS, the Failed Retailer is the Current FRMP for the RoLR Effective Transfer Date and a different <i>retailer</i> is the nominated New FRMP on the Change Request.	CSV file	ROLR_021_<SR> where <SR> is the Participant ID of the Failed Retailer.	The Failed Retailer	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_022	10.1(e)	CRs to be Accelerated (by LNSP/ENM)	A list of all In Progress Change Requests in MSATS to transfer the FRMP where, the Failed Retailer is the Current FRMP on the RoLR Effective Transfer Date, for each individual LNSP/ENM.	CSV file	ROLR_022_<LNSP> where <LNSP> is the Participant ID of the affected <i>NMI</i> .	Each Individual LNSP or ENM	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_023	10.1(f)	CRs to be Accelerated (by New FRMP)	A list of In Progress Change Requests to transfer the FRMP, for each nominated New FRMP where, in MSATS, the Failed Retailer is the Current FRMP for the RoLR Effective Transfer Date and the recipient of the report is the nominated New FRMP on the Change Request.	CSV file	ROLR_023_<New FRMP> where <New FRMP> is the Participant ID of the New FRMP applicable to the file.	Each New FRMP	On day of RoLR Event or by COB the day after the RoLR Event at the latest

Report No.	Section	Report Name	Report Description	Report format	Filename	Recipient	Timing
ROLR_024	10.1(g)	CRs to be Accelerated (by MDP)	A list of In Progress Change Requests to transfer the FRMP, for each existing or New MDP where, in MSATS, the Failed Retailer is the Current FRMP for the RoLR Effective Transfer Date and the recipient of the report is or will become the Current MDP on the RoLR Effective Transfer Date.	CSV file	ROLR_024_<MDP> where <MDP> is the Participant ID of the MDP applicable to the file.	Each MDP post Change Request	On day of RoLR Event or by COB the day after the RoLR Event at the latest
ROLR_025	11.2(g)	Check for Second Tier NMs with a FRMP relationship to the SR	A list of any Second Tier NMs where the FRMP is the Failed Retailer, in MSATS, for any period on or after the RoLR Effective Transfer Date.	CSV file	ROLR_025_AEMO	AEMO	To commence after the processes in sections 11.2 (d) and 11.2 (f) have finished, which is no earlier than two days after the RoLR Event has occurred, and to finish ASAP and no later than 15 <i>business days</i> after starting the 11.2 processes.
ROLR_026	13.3(f)	Check for NMs still where SR is LR, FRMP.	A list of any <i>NMs</i> where the FRMP and/or LR is the Failed Retailer, in MSATS, for any period on or after the RoLR Effective Transfer Date.	CSV file	ROLR_026_AEMO	AEMO	To commence after the processes in sections 13.3 (d) and 13.3 (f) have finished, which is no earlier than two days after the RoLR Event has occurred, and to finish ASAP and no later than 15 <i>business days</i> after starting the 11.2 processes.
ROLR_027	14.1(a)	<u>CRs to change FRMP still in progress for NMs that have changed due to RoLR Event (by Jurisdiction)</u>	A list of any <i>NMs</i> , by Jurisdiction, where their FRMP is due to be changed due to the RoLR Event, and the transfer end date is not before the RoLR Effective Transfer Date.	CSV file	ROLR_027_<JURISDICTION> where <JURISDICTION> is the name of the Regulator applicable to the file.	Each Regulator	Within two <i>business days</i> after completing all transfers required by sections 11, 12 and 13.

Report No.	Section	Report Name	Report Description	Report format	Filename	Recipient	Timing
ROLR_028	14.1(a)	<u>CRs to change FRMP still in progress for NMs that have changed due to RoLR Event (by RoLR as the New FRMP)</u>	A list of any <i>NMs</i> , by <i>RoLR</i> where their FRMP is due to be changed due to the RoLR Event, and the transfer end date is not before the RoLR Effective Transfer Date.	CSV file	ROLR_028_<ROLR> where <ROLR> is the Participant ID of the <i>RoLR</i> as the New FRMP applicable to the file.	Each <i>RoLR</i> as the New FRMP	Within two <i>business days</i> after completing all transfers required by sections 11, 12 and 13.
ROLR_031	8.1(h)	Proposed Cancelled CRs - CRs Pending CRs where SR is to become FRMP	A list of all In Progress Change Requests where the Failed Retailer is nominated as the New FRMP and the Proposed Change Date is great than or equal to the RoLR Effective Transfer Date. - Note these CR will all be cancelled.	CSV file	ROLR_031_<Participant ID> Where <Participant ID> is the Participant ID of the RoLR as the New MDP applicable to the file.	Current MDP	On day of RoLR Event or by COB the day after the RoLR Event at the latest
